Uniting in the Search for
Missing Children & Adults
National Conference

February 21-23, 2007
Radisson Paper Valley Hotel
Appleton, Wisconsin

This national conference is designed to promote public awareness and to provide law enforcement and community professionals with tools to best serve the families of missing children and adults. Learn about national, state and regional resources. Obtain information on evolving technology and investigative practices to assist in local and international searches for the missing. Find out how the Internet and other information systems can be effective investigative tools. These and many other topics will be explored during this national conference.
